A diagram showing a whiteboard mounted on a stand. A camera is positioned on top of the whiteboard frame, facing the board. The stand has a base and a vertical support. The whiteboard is divided into two sections by a horizontal line.

This is a diagram of a single sheet of lined paper. It features horizontal ruling lines spaced evenly down its length. The paper is framed by a double-lined border. At each of the four corners, there is a small circle containing a dot, representing a binder hole or fastener.

Technical drawing of a rectangular frame. The drawing shows a top-down view of a frame with a double-line border. The width is labeled as 0.000 and the height as 12.250. The frame is mounted on a base with four corner brackets.

A line drawing of a rectangular storage box with a hinged lid. The lid is shown in an open position, revealing the interior. The box has a small rectangular cutout on the bottom panel. The lid is attached to the box with hinges on the top edge. The box is shown from a perspective view, highlighting its three-dimensional structure.
